

MCIEA Cohort 1 Network Convening

November 30, 2017

Goals

- Review and revise performance assessments through collaborative protocols
- Provide feedback on MCIEA cross-district design plans and begin to plan for participation in cross-district work
- Explore School Quality Measure work and develop plan for sharing and interpreting results in your local context
- Deepen understanding of connection between equity and technical quality in performance assessment

Norms for Collaboration

- Honor our learning and be respectful of the work of the teacher and student.
- Keep the conversation constructive; avoid judgmental language.
- Trust the process: participate open and actively.
- Foster equity of voice and shared airtime.
- Don't skip the debrief process.
